## Heavy IC Forklift Truck

with capacities of 38,000 to 48,000kg

*The World of Hangcha*

  
**HANGCHA**

# Heavy IC Forklift Truck

Environment/  
Efficiency/  
Economy

## Features

- / DANA TE30 new type gear box, CUMMINS QSM11 3A emission engine and KESSLER D102 heavy-load driving axle are utilized. The key parts are internationally well-known brand products of which the quality is stable and durable.
- / Equipped with seat operating presence sensing (OPS) system to improve safety; The controller area network (CAN) bus LCD display is applicable, which has the function of built-in weight display, fault diagnosis and chinese-english display query system.
- / The independent dynamic braking oil circuit system can reduce the complexity of hydraulic system and oil cost.
- / With the load sensing variable main hydraulic system, the non-working energy consumption is very small.
- / Equipped with electronic automatic shift 5F/3R gearbox, make the power strong, start fast and smooth;
- / With the electric control hydraulic motor drive fan main cooling system, can achieve fast and efficient interval temperature work and reduce fan power consumption.
- / Integral cab, transparent visual field, good sealing.
- / With integrated and multi-functional operating handle and electro-hydraulic proportional control, easy to lift, tilt and operate. With LUDV main control multiple-way valve, it can realize fast response, precise operation and achieve fine repeatability.
- / For engine revolution handle, following control is applicable to reduce the operator's load. Centralized fault warning is concise and clear, reducing driver tension.
- / With the centralized pressure test point, convenient opening of the body cover, hood and manual tilting of the cab for easy maintenance.
- / Equipped with FIMS cloud intelligent forklift truck management system, remote intelligent monitoring, better promote equipment management and logistics management.

## Standard Specification

- |                                      |                                                |
|--------------------------------------|------------------------------------------------|
| / Duplex wide view mast              | / Engine oil pressure alarm                    |
| / Fork hydraulic distance adjustment | / Empty filter alarm                           |
| / Standard fork                      | / Accumulator low voltage alarm                |
| / Cab                                | / Alarm of hydraulic oil and oil filter        |
| / Air conditioner                    | / Oil-water separator alarm                    |
| / Full hydraulic power steering      | / Engine fault alarm                           |
| / Four way multi-way valve           | / LED lights                                   |
| / OPS system                         | / Water thermomete                             |
| / Steering wheel adjustable device   | / Fuel meter                                   |
| / High level exhaust system          | / Oil temperature meter                        |
| / Traction device                    | / Time meter                                   |
| / Battery main switch                | / Pneumatic tyre                               |
| / Reverse Sensor                     | / Back-Up Buzzer                               |
| / LCD bus instrument                 | / Fanfare horn                                 |
| / Median instructions                | / Manual tilting pump                          |
| / Parking brake indication           | / Handrail multi-directional adjustable device |
| / Charging indicator                 | / Tools                                        |
| / Preheat indicator                  |                                                |

## Options

- |                                                         |                                     |
|---------------------------------------------------------|-------------------------------------|
| / Customized color                                      | / Fire extinguisher (2kg\4kg)       |
| / Forks of other specifications                         | / Automatic fire extinguisher       |
| / Mast of other specifications                          | / Mast LED working light            |
| / Solid tyre                                            | / Four-way traffic recording system |
| / Truck interphone                                      | / Speed limits                      |
| / Voice Back-Up Buzzer                                  | / Blue light                        |
| / Electronic alarm lamp (with \ without control switch) | / Weighing system                   |
| / Rear view system (with storage)                       | / Air prefilter                     |
| / Front and rear view system (with storage)             | / Conducting electrostatic chain    |
| / Spark arrester                                        | / Fan                               |
|                                                         | / Electric tilting pump             |
